September 17, 2013

Torrance, Calif. (Sept. 17, 2013) – On Monday, September 23, "Jimmy Kimmel Live" will kick off the broadcast season by taking over Hollywood Boulevard for two consecutive nights. On Monday, September 23, Paul McCartney will make his first appearance on "JKL." McCartney will join Kimmel in studio for an interview, then shut down Hollywood Boulevard for what is expected to be a record-breaking crowd.

The next night, Tuesday, September 24, "JKL" and Justin Timberlake will shut down the street to share songs from his new album *The 20/20 Experience – 2 of 2* which hits stores September 30 and to chat with Kimmel about his role in the new movie *Runner Runner* – which opens in theaters October 24.

This unprecedented two-night affair is a free concert experience in the heart of Hollywood. Streets will be closed and traffic will be diverted in an effort to contain the anticipated crowds. "JKL" will close down one-quarter mile of Hollywood Boulevard from Highland Avenue to Sycamore Avenue in order to accommodate as many fans as possible.
