**PLANO, Texas (July 29, 2019)** — Lexus is giving buyers of the 2020 LX 570 a new way to express their style with the introduction of the all-new Sport Package. Available on the 3-row model only, the new interior and exterior styling package enhances the LX's traditional lines with the following updates:

- Exterior: Exclusive sport grille and front fascia, revised lower rear valence, body color side mirrors with chrome accents.
- Interior: Semi-aniline, leather-trimmed seats in Black, Cabernet, or exclusive Moonlight White, black headliner.

LX models with the Sport Package also include the Luxury package (heated/ventilated front/rear seats, four-zone climate concierge, LX projector door lamps), 21-inch, 10-spoke alloy wheels, a Mark Levinson 19-speaker surround sound audio system, heated linear espresso wood steering wheel, head up display and a wireless charging pad.

### **Rugged and Reliable Performance**

Powering the LX 570 is a 5.7-liter V8 engine with 383 horsepower and 90-percent of its 403 lb.-ft. of torque available at 3,600 rpm. Equipped with an 8-speed automatic transmission, the LX 570 is capable of towing up to 7,000-lbs.

The LX's sturdy body-on-frame structure is combined with a multi-terrain system to enhance the driver's control over challenging, varied landscapes. The system adapts to five different types of terrain — Rock, Rock and Dirt, Mogul, Loose Rock and Mud and Sand.

### **Ideal Safety Features**

The standard Lexus Safety System+ includes Pre-Collision System (PCS) with Pedestrian Detection, Lane Departure Alert (LDA), Intelligent High-Beam headlamps and All-Speed Dynamic Radar Cruise Control.

All-Speed Dynamic Radar Cruise Control can maintain a preset distance from a vehicle traveling ahead. Using a combination of millimeter-wave radar and a front-facing camera, PCS can detect vehicles, and, in some circumstances, a pedestrian. PCS can warn the driver of a possible collision and can initiate automatic braking with Brake Assist if necessary.

The 2020 Lexus LX 570 goes on sale in September with a base price of \$86,380 for the two-row model. The three-row model starts at \$91,380. Sport Package models will have a base price of \$99,300.
