In 1962, President John F. Kennedy toasted the crews of the America's Cup with these famous words: "We are tied to the ocean. And when we go back to the sea, whether it is to sail or to watch — we are going back from whence we came."

The ocean continues to invite us to return and at Lexus, that primal magnetism — that spirit of the sea — manifests itself in the new LY 650, the brand's first luxury yacht.

The LY 650 is an embodiment of Lexus' challenge to go beyond the road to deliver the same fluid precision on water: a marriage between master craftsmanship and cutting-edge innovation. The vessel's unique styling, from its metallic accents to its L-shaped air intakes, create a seamless experience of performance and elegance that is signature to Lexus. When it all comes together, the result is an experience that transcends luxury.

Indeed, the LY 650 is designed with the Lexus "CRAFTED" philosophy, where attention to detail and hospitality chart a shared course.
