

2021 Lexus UX 200

September 29, 2020

Image not found or type unknown

The Lexus UX offers the brand's renowned luxury and comfort in a package ideally suited to making urban exploring easier in cities around the globe. For 2021, the Lexus UX 200 adds Blind Spot Monitor (BSM) with Rear Cross-Traffic Alert (RCTA) as standard all UX crossovers. Additionally, Lexus Enform trial periods have

been updated for Remote, Wi-Fi and Service Connect to align with the brand standard.
