The Lexus UX offers the brand's renowned luxury and comfort in a package ideally suited to making urban exploring easier in cities around the globe. For 2021, the Lexus UX 250h features a new rear cargo, adjustable double decker board in all models. Blind Spot Monitor (BSM) with Rear Cross-Traffic Alert (RCTA) is now

standard for both gas and hybrid 2021 UX crossovers. Additionally, Lexus Enform trial periods have been updated for Remote, Wi-Fi and Service Connect to align with the brand standard.
