The Lexus UX brings the style for 2022 with new color combinations – inside and out. Guests can express themselves with the addition of exterior colors like Grecian Water and Cloudburst Gray and extend the paint all the way to the wheel well with color-keyed overfenders included on all packages. Inside, Grecian Water can be

paired with Black, Birch and Birch with Lapis interior options. Across the lineup, UX brings unique color combinations to reflect each driver's taste.
