The RX 350 is bringing the swagger in 2022 with a new color palette available across the line up. With the addition of Cloudburst Gray and Iridium for all models and Grecian Water for F SPORT models, the RX can be styled to fit each guests' personal taste. A unique addition to the options for 2022 is the standalone fog lamps to

provide the option for added lighting on any grade or package without additional add-ons.
