

Test Your Knowledge of the 2024 Lexus TX

May 23, 2024

Image not found or type unknown

When Lexus customers in North America asked for more space, the luxury brand delivered more room and comfort with the introduction of the [2024 Lexus TX](#). Designed with three sizable rows, the newest addition to the Lexus SUV lineup offers ample space and seating that complements the innovative technology, refined

performance, and luxury features.

Whether you're picking your kids up from soccer practice or hitting the road for an adventurous weekend with friends, this SUV answers the call. Moving up to seven people in comfort and style is no easy feat, but the Lexus TX accomplishes this effortlessly.

As the first Lexus to be assembled at Toyota Motor Manufacturing Indiana (TMMI), this vehicle boasts three dynamic powertrains combined with a powerful V6 engine. Drivers and passengers alike will appreciate the smooth ride, roomy interior and, of course, the luxury that's always been synonymous with Lexus.

More space, more comfort and even more power put this SUV in a class all its own. Test (or improve) your knowledge of the 2024 Lexus TX with this quiz:
