

2026 LEXUS IS

September 09, 2025

Image not found or type unknown

For 2026, the Lexus IS premieres with a redesigned exterior that refines the sedan's signature look to its fullest. Along with an interior featuring a restyled instrument panel, center console, trims, and the latest multimedia system, the updated driver-focused design further advances the pursuit of an exhilarating driving experience,

allowing for true dialogue between man and machine. The new model will go on sale in early 2026.
