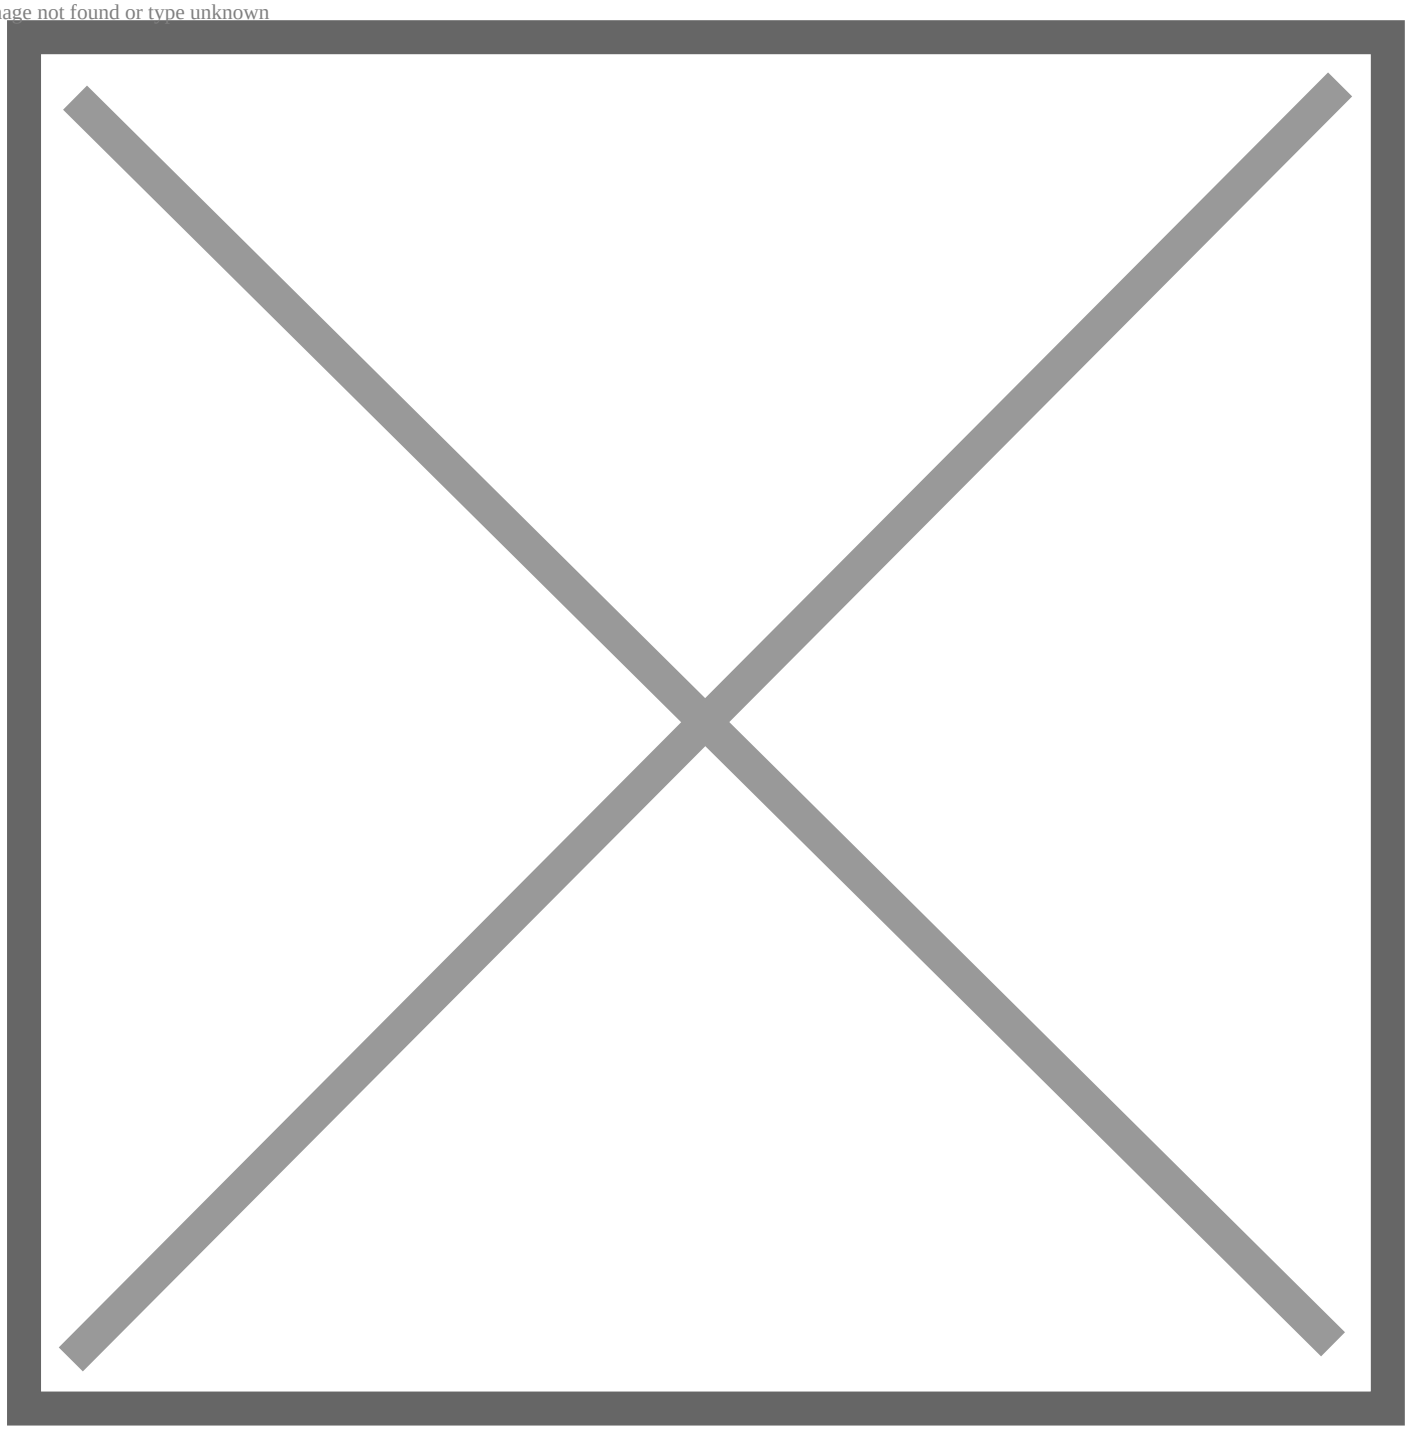
2026 LEXUS ES ELECTRIC

May 01, 2026

Image not found or type unknown



The?ES?has been a fixture in the Lexus lineup since being launched alongside the flagship LS in 1989. For 2026, the?ES?has been fully redesigned, offering for the first time battery electric models (ES 350e and ES 500e), as well as a hybrid powertrain (ES?350h).
